General warranty - terms and conditions

Flokk's warranty covers Giroflex products against material and manufacturing faults and defects from the product's production date. The warranty covers any necessary spare parts. Labour and transport costs are not covered. Unless otherwise specified, the maximum weight for users of chairs is 110 kg. The warranty is conditional on the chair and fabrics/leather undergoing normal cleaning.

5 year warranty for Giroflex products

Flokk provides a 5 year warranty for all Giroflex products (3-years for 24/7 chairs) on construction, material and workmanship of our products, subject to appropriate handling. Wear and tear must be expected from normal use and are not covered by the warranty. The warranty for covering materials, pneumatic parts, castors and glides is limited to 2 years in any case. The information indicated on the label under the chair is determining for the guarantee period.

The warranty excludes COM (Customer's own material), impact damage and torn upholstery materials caused by careless handling, or normal wear and tear to covering materials, castors and glides.

No warranty is provided with regard to the identical colouring of materials and leather in the case of repeat orders, nor for CleanGuard treatments or damage in consequence of self-repairs.

Upholstery

When seated, the foam in the seat pad is compressed, which may cause small wrinkles to occur. This is normal for this type of product. Wrinkles will partially disappear when the chair is not in use.

Leather

Leather is a natural product. Grain, cracks and wrinkles are authentic proof of this material. These typical characteristics will not be accepted as grounds for complaint.

Wood

Wood is also a natural product. Natural features of wood will not be accepted as grounds for complaint.

Maintenance guide

Care of Fabric Upholstery: Regular vacuum cleaning is recommended. Marks and stains should be removed with a proprietary cleaner.

Care of Leather Upholstery: Wipe with a slightly damp cloth and gently rub dry. A good proprietary hide food should be applied at least once a year and more often if the leather is in a dry atmosphere or close to a heat source.

Care of gas stem: Gas stems should be periodically wiped clean with a cloth and general purpose solvent, then a fingertip of light grease applied.

For additional maintenance advice please contact Customer Service, Flokk A/S.

Standard Fabric & Colour Collection

Flokk provides a 5 year warranty for Giroflex chairs upholstered in fabrics/leather from the Giroflex Standard Fabric & Colour Collection when the chair is in normal use for up to 9 hours per day. Flokk provides a 2 year warranty for Giroflex chairs upholstered in fabrics/leather from the Giroflex Standard Fabric & Colour Collection when the chair is in normal use for more than 9 hours per day.

Extended Fabric & Colour Collection

Flokk provides a 5 year warranty for Giroflex chairs upholstered in fabrics/leather from the Giroflex Extended Fabric & Colour Collection when the chair is in normal use for up to 9 hours per day. Some of the fabrics in the Giroflex Extended Fabric & Colour Collection are available with a 3 year warranty for 24 hour use (for use of more than 9 hours per day).

On request fabrics

If the fabrics in the Standard or Extended collections are not what you are looking for, please contact Customer Service, Flokk A/S. When choosing Special or Customer specified fabric/leather the general warranty terms and conditions are still valid, except for the upholstery which will be without any warranty. This does not affect your rights and obligations under local law. Customer specified fabrics/leather can only be used following approval by Flokk. Fabrics and leathers that are not tested on our products, need to have an upholstery test before we can approve it and the order can be registered. Cost (DKK 1.545) for testing will be charged.

The general warranty terms and conditions cover the chair against material and manufacturing faults, but not the upholstery.

Packaging measurements

Changes from 18th of September 2023:

Giroflex will implement 100% recyclable boxes. It will be the possibility to order swivel chairs in fully, or semi-knocked down versions – depending on model.

This will become the standard option and has many benefits e.g. logistic flow emits less CO2, boxes take less storage and are easier to carry on.

Underneath you will see an overview of possible choices per model.
